Copy of letter No. J.84-02, dated the 21st September 1951 from the Education Secretary, Embassy of India in the United States of America to the Ministry of Education, New Delhi.

I am directed to say that this Department has been notified by the U.S.Department of State that in future all visitors, deputationists or students from India desiring to visit or take training with the various U.S.Government, Agencies must put their request through this Embassy to the Department of State at least one month before the visits or training is desired. We have had many requests from visitors to Washington who wish to spend time at the different Agencies during a short stay in the City and because of the many requests received by the Department from other Embassies and foreign missions, they have decided that clearances will be granted only if our Note is sent to them at least a month in advance. You may kindly advise, all visitors or deputationists of whom you have knowledge, who wish to take training or spend a few days with any of the U.S.Government Agencies to let us know well in advance of their expected arrival in Washington or in this country, if they do not come to Washington.

Copy of a circular letter No. F.14(4)-E.II/51, dated the 20th August 1951, from the Government of India, Ministry of External Affairs, New Delhi.

Subject:- Terms and conditions regarding deputation of officials sent abroad.

.....

I am directed to refer to the letter from the late Ministry of External Affairs & Commonwealth Relations No. B.20(178)-GII/48, dated the 2nd January 1949 and to say that it has been brought to the notice of the Government of India that considerable embarassment is caused to some of the Indian Missions abroad due to the terms and conditions of persons deputed abroad not being adequately specified. The most frequent cause of complaints relates to the class of sea passage which an officer is entitled to and whether cost of passages for accompanying members of his family is also payable by Government, regarding which information is not generally given. To avoid such contingencies, I am to request that while sanctioning deputation of persons sent abroad on official business, information on the following points should invariably be given in clear and unambiguous terms:-

1. Pay and allowances and increments if any, falling due during the period of deputation.
2. Service to which the officer belongs indicating whether it corresponds to Central Service Class I or II or an All India Service.
3. Class of sea passage admissible.
4. Class of rail accommodation admissible.
5. Duration of stay in the foreign country as visualized at the time of deputation.
6. Controlling authority to whom direct reference may be made by the Mission concerned in case of any doubts or for clarification.
7. Whether Government is responsible for the passage and expenses of any of the members of the officer's family, Negative reply should also be given.
